Journey of Love ...relationship as path

1:30pm ~ Lindy Felix - There are times in the Great Circle of Being that are especially quickening: enhanced opportunities for transformation, re-weaving the tapestries of "who we are" and how we perceive life... Birthing, Dying, Re-birthing - ALL potent catalysts, transitional portals, ways of deepening Love and Soul-Fullness.

This past year Lindy has been traveling through a passage of quickening, deepening, surrendering and reweaving. She will share healing stories, wisdom openings, and tools that have come to her for finding support in the Unity of Inter-connectedness. ♥ Love donation
